

Welcome to Fisherman's Wharf - San Francisco's Most Popular Destination

Overlooking San Francisco Bay, we are a "Sight to Sea" - known as where it all began and San Francisco's #1 destination!

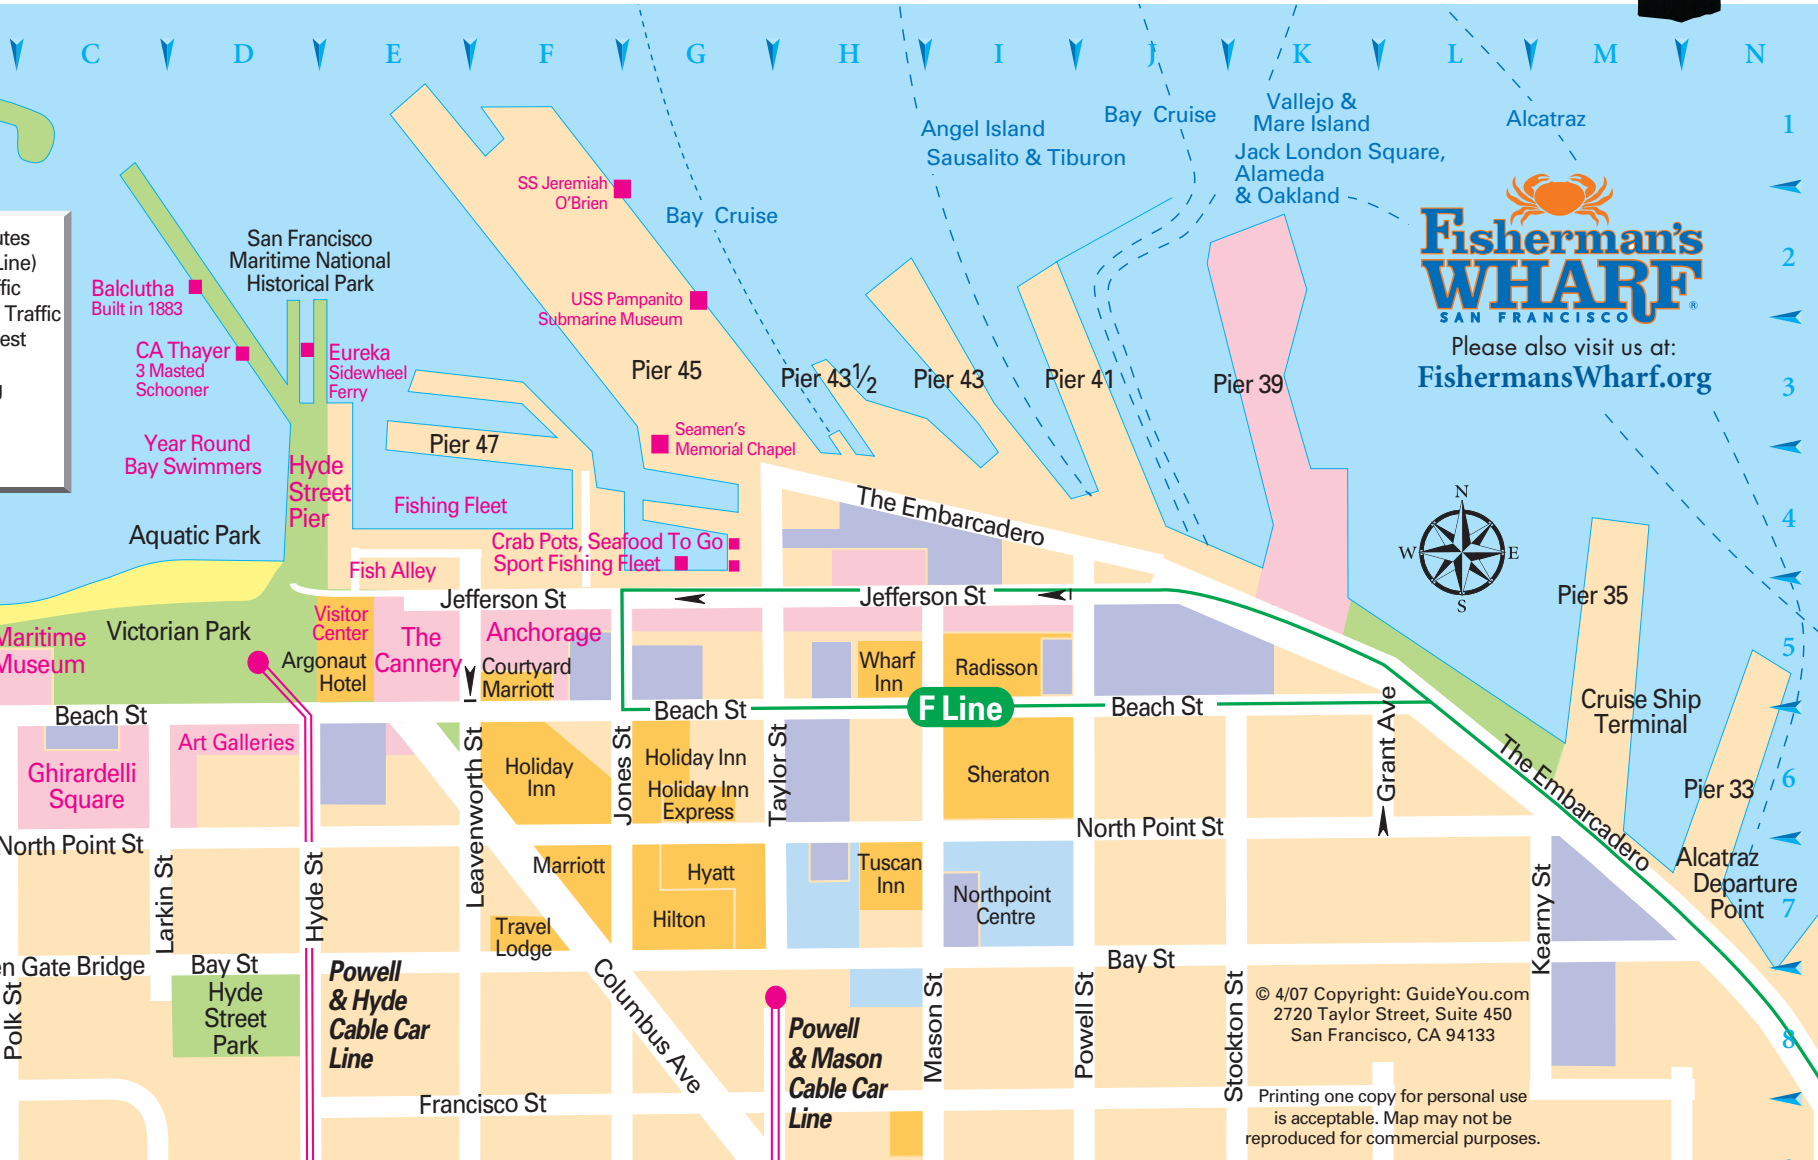

Fisherman's Wharf is located at the end of the world-famous Hyde Street and Powell Street Cable Car lines. Access is also easy via historic trolley cars from around the world on the Muni F Line.

Our picturesque waterfront, buildings and historic fishing fleet along the Jefferson Street promenade is where your day begins and ends. We offer a wide array of things to do for everyone-all within walking distance! From Aquatic Park, the Maritime Museum and San Francisco Maritime National Historical Park on the West end, PIER 39 to the East and the departure point for Alcatraz at Pier 33, everything to do in San Francisco is at the Wharf.

Enjoy specialty shops, waterfront dining, vendors selling Dungeness crab from steaming cauldrons, entertainment, tours and attractions.

So enjoy your trip to the "City by the Bay" and Fisherman's Wharf with its incredible heritage, things to do, and views of the San Francisco Bay, the Golden Gate Bridge and City skyline.

This Map is brought to you by the membership of the Fisherman's Wharf Merchants Association. Listings of our members are on the back and we all look forward to making your visit to "Everyone's Favorite City" and Fisherman's Wharf a memorable one!
